

# 2011 Oregon Listing Results

Paul T. Sullivan, 1014 SE Rummel St., McMinnville, OR

A big “Thank You” to the nearly 110 people who sent in their listing results this year. “Welcome” to the 20 new people who have joined us for the first time. Looking down the list, I also see the names of many departed friends. I remember the effort they put into their lists and the good birding times we shared.

In addition to the life and year 2011 lists for the state of Oregon and each of its counties, we now have life and year 2011 lists from people who track local 15-mile diameter circles closer to their homes. We also have lists for people who have taken up motorless birding. We welcome these efforts to enjoy birding in a new way.

I would like to encourage those who have stopped reporting to joins us once again. I have made an effort to carry forward numbers reported previously, to give context to the tallies reported today. If your old numbers are out of date, send in new ones next year. I hope that by publishing these results, we can provide a timely picture of how many birds can be found around our wonderful state of Oregon, and who has seen them.

Good birding, everyone!

## Notable milestones for 2011:

### Statewide listing:

#### New state year list record:

Russ Namitz set a new Oregon state year list record of 381 species, eclipsing the previous record by 18 species!

#### State life list of 400 species:

Two birders passed the threshold of a state life list of 400 species: Russ Namitz and Ron Maertz. (Must be the “...tz”.) Congratulations to both of you!

## County listing:

### New county life list records:

Benton County	Jamie Simmons	259
Clackamas County	Tim Janzen	246
Clatsop County	Mike Patterson	338
Columbia County	John Gatchet	218
Coos County	Tim Rodenkirk	337
Crook County	Chuck Gates	275
Deschutes County	Tom Crabtree	318
Jefferson County	Lewis Rems	250
Klamath County	Kevin Spencer	304
Lake County	Craig Miller	285
Linn County	Mark Nikas	262
Polk County	Bill Tice	283
Union County	Trent Bray	273
Yamhill County	Carol Karlen	236

While it regularly happens that the leading birder in a county adds a couple species to his/her total, special mention should be given to those who make concerted effort and achieve a “quantum leap” in their county list total. This year John Gatchet made the effort to add 7 species to his Columbia County list and eclipse a record that had stood for over a decade. Trent Bray made the effort in Union County and added 8 species to his county life list, and an outstanding 22 species to his record county year list!

### New county year list records:

Union County	Trent Bray	250

# The Listing Results as of December 31, 2011

For results to be published, the thresholds are as follows:

1. A state life list must be 300 or more.
2. A county life list must be 100 or more.
3. A state year list must be 250 or more.
4. A county year list must be 100 or more.
5. A state life list over 350 will be carried forward without an update.
6. A county life list over 150 will be carried forward without an update.

## Statewide Listing

Totals marked with an asterisk (\*) are previously submitted totals; no updated total was received this year. Names marked with † symbol remember deceased birders.

Final note: From time to time, birders drop out of reporting their lists, for various reasons. Their past published reports are a matter of public record. Carrying these numbers forward gives context to results reported today. However, if you would rather not see your past results carried forward in future Listing Results, simply let me know, and I will gladly honor your wishes.
